

RESULTS OF RIOT AT OXFORD, OHIO

Spivey Brothers Reported In
Serious Condition.

LYNCHING WAS PREVENTED.

Louis, One of the Brothers Who Was
Shot by the Citizens in So Serious
Condition that Physicians Cannot
Probe for the Bullet.

Hamilton, O., Oct. 2.—The physi-
cians attending the Spivey brothers,
who were wounded in the riot at Ox-
ford last night and who were brought
here to prevent lynching, report both
today in a serious condition.

Louis, who was shot by the citizens
while assisting the officers, is in so
serious a condition that the physicians
cannot probe any further for the bul-
let.

Joseph Spivey, who may recover,
presents a horrible appearance. Both
ears are torn and his neck is raw
and swollen from the effects of the
rope, while his face is also disfigured.
His most serious injury is a scalp
wound which was caused by being
hit by a stone.

The Spivey brothers are natives of
Wagnersville, Estill county.

They confess that they have been
in shooting scrapes before. One
served in the penitentiary at Frank-
fort for shooting to kill. Louis has
recently been working on a farm for
Edward Richardson at Bellingsville,
Ind., and Joseph in a tobacco factory
at Middletown, O. The latter was on
a visit to his brother when they went
with Edward Richardson to Oxford to
attend the street fair and became in-
volved. They ascribed the whole
trouble to their drinking, which not
only caused the disturbance in the sa-
loon, but also resisting the officer.

One of them today when asked for
his nearest kin replied that Deputy
Sheriff Brannen was his best friend.
Brannen is the officer who broke
through the crowd and cut the rope
the last time Spivey was strung up
last night. Brannen then rushed
Spivey into the Oxford prison, from
which he afterwards brought him here
in safety. Deputy Brannen, who was
in charge at Oxford last night, is
highly commended for his bravery and
judgment in preventing the lynching.

ALASKAN BOUNDARY.

Arguments Heard Before Commission
in London.

London, Oct. 3.—Sir Edward Carson,
solicitor general, consumed the morn-
ing session of the Alaskan boundary
commission today in endeavoring to
refute the arguments of David T. Wat-
son and Hannis Taylor, of counsel for
the United States, especially protest-
ing against Mr. Taylor's contention
that the term "trend of the coast"
could only apply to the political coast
line and not to the physical coast line.
He also maintained that the principle
of acquiescence was not applicable to
the present dispute and somewhat sur-
prised the audience by declaring that
under the power of the treaty of
1806 the commissioners had no author-
ity to define questions submitted to
them and that they could neither lay
down the boundary nor decide what
constituted the coast. All the com-
missioners could do was to answer
questions submitted to them in the
treaty either negatively or affirmatively.

If they gave certain answers they
might make matters more confused
than ever, and open up a new series of
diplomatic tangles. The solicitor
general concluded with an eloquent
reference to Great Britain's unwilling-
ness to give up any of her subjects
into the control of other nations. He
declared he thought the public might
think the commission was slow and
that counsel were wasting time; but
no time and no money would ever be
wasted if the long-standing dispute
between the two great and friendly na-
tions could be solved by the tribunal.
When Jacob M. Dickinson, of counsel
for the United States rose to conclude
the arguments, the room was filling up
with spectators. He commenced by be-
littling the minute examinations of
maps and the bickering over words
and details, declaring that the case
could only be settled by grasping the
central idea concerning the original
negotiations.

Politics Perturbed in Bogota.

New York, Oct. 3.—The senate con-
tinues its attitude toward President
Marroquin, says a Herald dispatch
from Bogota. Its latest hostile move
was the alleged illegal election of
five magistrates of the court of con-
trol. The house of representatives
resolved to follow suit as the present
magistrates have still three years to
serve. Senator Perez Soto has pub-
lished another violent article against
Domingo Obaldia, governor of Pana-
ma.

Consolidation of Gould Lines.

New York, Oct. 3.—Papers are be-
ing drawn by attorneys identified with
the Gould interests for the consolida-
tion of the Gould lines west of Pitts-
burg with the exception of the Ann
Arbor and the roads west of St.
Louis, according to The Herald. The
combination will include, it is said,
the Wheeling and Lake Erie, the Pitts-
burg, Carnegie and Western, with its
two underlying companies, and the Wa-
bash.

TRIAL OF TILLMAN AT LEXINGTON, S. C.

Further Proceedings In the
the Celebrated Case.

MANY WITNESSES TESTIFY

Editor Terrill, of a Newspaper in Flor-
ence County, is Questioned by So-
licitor Thurmond Regarding Threats
Made by Tillman.

Lexington, S. C., Oct. 2.—The read-
ing of the editorials from The State
was concluded shortly after the shoot-
ing of James H. Tillman was resumed to-
day. F. C. Withers, an employee of
The State, testified that he assisted N.
G. Gonzales into the office of The
State from the street after the shoot-
ing, and that SHREDDER PUPPUS
ing. He was asked if he saw any
weapon in the garments of Mr. Gon-
zales at that time and replied that he
did not. J. W. Wallace testified he
was in the office of The State with
N. G. Gonzales after the shooting and
that Gonzales said to him that he was
fatally shot.

L. G. Wood, of the editorial staff of
The State, said he saw no weapons
in the garments taken off. Mr. Gon-
zales in The State office and he never
saw a pistol in the editorial rooms of
The State. M. C. Wallace, an employe
of The State, said he removed the over-
coat from Editor Gonzales when he
was carried into The State office af-
ter the shooting, and that he saw no
weapons in the pockets of the coat.

C. J. Terrill, editor of a newspaper
in Florence county, was asked by So-
licitor Thurmond if he ever heard Till-
man make any threats. He replied
that he was walking along the streets
of Edgely with Colonel Tillman in
the early summer of 1902, he thought
it was, and he (Tillman) said he was
going for the governor and if Gon-
zales attacked him he was going down
then and kill him, and I think he said,
like a dog.

On cross-examination, the witness
was asked if it was a fact that he had
not made the statement he made to-
day when application was made for
bail for the defendant. He said he
had not. Witness was questioned by
counsel for the defense as to his per-
sonal feelings against the defendant,
and as to an editorial he had written
concerning the shooting. He said he
had never written a line in his pa-
per denouncing the defendant as an
individual.

Dr. C. L. Adams testified to a con-
versation he had with the defendant
during the campaign in which he said
he told Mr. Tillman if he wished to
be governor of South Carolina he
would have to fight Gonzales, to which
he said the defendant replied:

"That won't do, because I'm the best
tenant governor and will be at peace."
The witness testified that Mr. Till-
man made the further statement:

"You boys need not worry. By
—, I'll stuff his life with this," the
witness adding, "pulling his pistol from
his grip."

Continuing, witness said the defend-
ant said, among other things:

"I'll make it the ... tragedy that
ever happened in South Carolina."

On cross-examination said he judged
the relations between the defendant
and Mr. Gonzales to be unfriendly. He
said he supported and voted for Till-
man for governor.

Witness testified to further state-
ments which he said Tillman made. He
said Colonel Tillman was loved by his
men of his regiment in the Spanish
war. Witness was a member of the
regiment.

G. E. Leftarge was put upon the
stand to identify a map showing the
intersection of Main and Gervais
streets in Columbia.

Iron Men Meet in Birmingham.

Birmingham, Ala., Oct. 3.—The lead-
ing iron manufacturers of the south
are in executive session here today to
determine if they shall curtail pro-
duction in accordance with the action
of the northern furnaces. There is
understood to be a strong sentiment
against such a reduction. It is un-
derstood, however, that a reduction in
the price of iron is likely to result
as a measure of relief for the situa-
tion. Nothing definite will be given
out until the meeting adjourned this
afternoon.

Road To Be Extended.

Knoxville, Tenn., Oct. 3.—A special
to The Sentinel from Johnson City,
says: George L. Carter, president of
the road, announces that the South
and Western railroad, formerly the
Ohio River and Charleston, is to be
once extended from Johnson City to
the West Virginia coal fields and from
Johnson City to the West Virginia coal
fields, and from its present North Car-
olina terminus to the Atlantic coast.
The extensions will aggregate several
hundred miles. The road was origi-
nally projected from Charleston to
Chicago, via Cincinnati.

Steamship Company Wins Fight.

San Francisco, Oct. 3.—The China
Commercial Steamship company, op-
erating steamers to this port, has won
out in its fight for the right to land
Chinese coolie laborers in Mexico. The
news of the intention of the Mexican
government to permit the Chinese to
land on its soil has just been receiv-
ed by steamship officials in this city.

trial at Raleigh, N. C., for the killing
of Ludlow Skinner. The day was
consumed in securing a jury. Exami-
nation of witnesses will begin today.

Howell, of Atlanta, was at the banquet.

tory at the University of Chicago, ad-
vocates government control of mar-
riages as the solution of the divorce
evil.

The Democrats of Massachusetts

nounces trusts and a prohibitory tar-
iff.

The Democrats of Rhode Island have
nominated L. F. C. Garvin for gover-
nor.

was taken from jail by a mob and
hanged to a willow tree.

tending the conference of the Conser-
vative associations at Sheffield, Eng-
land. The supporters of Chamber-
lain seem to be in the majority.

At Sheffield, England, last night
Premier Balfour delivered the speech
which has been heralded as the first
heavy gun in the fiscal reform cam-
paign.

MADE FRAUDULENT INVOICE.

Man Came From Germany and Volun-
tarily Surrendered.

New York, Oct. 3.—Coming volun-
tarily from Nuremberg, Germany, to
surrender and answer to a charge
made by the government of entering
a fraudulent invoice, Paul Reimann
has been arraigned before United
States Commissioner Shields and en-
tered a plea of not guilty. He fur-
nished cash bail in the sum of \$2,500.

According to the complaint, Reim-
mann, who is engaged in the export
hop business and had a New York of-
fice, shipped a quantity of hops to
Carl Neidhart, at Chattanooga, Tenn.,
valued at \$5,000. In one of the bales
of hops, the complaint says, the export-
er placed two dozen toy trick watches
valued at \$2 each, which were not on
the invoice. The presence of these
watches in the hops was in some un-
known manner discovered by the gov-
ernment agents, who permitted them
to remain that they might arrest Nei-
dhart after he had taken them out.

The latter pleaded guilty to the
charge after indictment by the federal
courts of Tennessee. The motive for
sending the so-called trick watches in
the hops was not, it is stated, to es-
cape paying the duty, but to get them
into this country.

HOTEL THIEVES SURPRISED.

Were Captured in Chicago After Ex-
citing Chase.

Chicago, Sept. 30.—Hotel thieves
were surprised at work in the Sher-
man house early today and one of them
was captured after an exciting fight
in the corridor.

A short time later all exits were
guarded in an effort to trap the second
merauder.

Clerk Barring observed a well-dress-
ed man coming from the room of L.
A. Worsh, a coal merchant of Fort
Wayne, Ind., and grappled with him.
Guests rushed from their rooms and
joined in the chase that ensued after
Barring had been knocked down the
stairs.

The thief was captured at the en-
trance to the hotel and jewelry valued
at \$2,500 and \$250 in money, the prop-
erty of Worsh, was found upon him.

The house was searched in vain for
the second thief.
The captured thief gave his name
as Charles Foster, of Tiffin, O.

AT CAMP YOUNG.

Cossack System of Field Work Will

Be Given Its First Trial.

Camp Young, West Point, Ky., Sept.
30.—After yesterday's all-day advance
and rear guard maneuver, he light
task assigned the regular army men
today was greatly welcomed. To-
day's work involved the drilling of
outposts, and it is thought that the
Cossack system of this branch of field
work, recently adopted by the army,
will be given its first trial.

The principal action is that a small
body of men does duty at the out-
posts, instead of having relief patrols.
In this manner the pickets cover the
territory in fan shape instead of ad-
vancing in a straight line.

The company is in readiness for the
militia of the various states and their
arrivals begin tomorrow. The weath-
er continues magnificent.

MASSACHUSETTS REPUBLICANS.

Renomination of Governor Bates Is

Assured.

Boston, Oct. 3.—In the same
which yesterday was filled with Dem-
ocrats cheering to the echo the or-
atory of their leaders, the Republicans
of Massachusetts met today to re-
nominate their state ticket.

The assembly was large and the
unanimous renomination of Governor
John L. Bates, Lieutenant Governor
Curtis Guild, Jr., and the remainder of
the present list of state officers was
assured.

ATLANTA INTERURBAN RAILWAY.

Capital and Marietta To Be Connect-
ed by Electric Line.

Atlanta, Oct. 3.—Atlanta and Mari-
etta are to be connected within a short
time by two trolley lines.

The Atlanta Interurban Railway
company, which has just been organ-
ized in Atlanta, is actively at work
on its road to Marietta and yesterday
afternoon the board of county com-
missioners, in called session, granted a
franchise to the Atlanta and Mari-
etta Electric Railway company to op-
erate through Fulton county an electric
road between this city and the Cobb
county capital. Officials of this com-
pany announce that they propose to
begin work at once on the line.

The two electric lines will operate
through different sections of Fulton
and Cobb counties. It is not known
just where the roads will enter the city,
neither one having yet applied to the
city for a franchise. It is expected,
however, that the Atlanta Interurban
road will come into the city temporari-
ly over the river line of the Georgia
Railway and Electric company.

Three officials of the Atlanta and
Marietta road appeared before the
county commissioners yesterday after-
noon and after the franchise had been
passed on by the board it was announc-
ed that they will accept it.

These officials are Frank L. Cooke,
of New York, president; Colonel W.
B. Power, of Marietta, attorney, and
B. M. Hall, of Atlanta, engineer.

The company is required to give a
bond of \$15,000 as an evidence of good
faith and to liquidate any possible
damages and it is stated that the bond
will be made within the next few days.

FRANCHISE TAX LAW.

It Adds Millions to Taxable Property
of Georgia.

Atlanta, Oct. 3.—Thus far the fran-
chise tax law has added \$11,695,752.25
in property values upon which re-
venue is paid to the state of Georgia.

There are still four franchises to
be arbitrated, the aggregate assess-
ments of which amount to the sum of
\$5,383,000, and make a possible total
of \$17,078,752.25.

The franchisees yet to be arbitrated
are:

The Savannah Street Railway com-
pany, assessed at \$1,430,000; the At-
lanta and West Point railroad, assess-
ed at \$1,600,000; the Georgia Railway
and Electric company, assessed at
\$2,200,000, and the Atlanta Belt Rail-
road company, assessed at \$93,000.

Of these the Savannah Street Rail-
road company is to be taken up by
the arbitration board on Oct. 5 and the
Georgia Railway and Electric com-
pany on Oct. 8, with the others soon
to follow.

In many instances the assessment of
Comptroller General Wright has been
cut to pieces by arbitration boards and
it is the opinion of many of the state
officials that in some instances cor-
porations have escaped paying taxes
on anything like the real value of their
franchises. However, the total amount
of property added to the revenue re-
sources of the state is vast.

SUB-COMMISSION NAMED.

Experienced Educators Will Select Se-
ries of School Books.

Atlanta, Oct. 3.—The school book

commission has named a sub-com-
mission of experienced educators. It is
hoped that between these bodies a sat-
isfactory series of books will be se-
lected.

All subjects are important; but some
are universally considered of para-
mount interest. The act itself recog-
nizes this in providing (Section 2)
against the adoption of books contain-
ing "anything of a partisan or sec-
tarian character." This applies espe-
cially to readers and histories.

Comptroller General Wright has al-
ready done excellent service in dis-
closing objectionable matter in some
books offered. But, readers and his-
tories may be unfair indirectly, without
an objectionable line. They may
slight or ignore southern life, author-
ship, heroism and statesmanship. Of
the two, the latter are perhaps the
more obnoxious.

Lockout Lasted Seven Months.

Chicago, Oct. 3.—After a lockout of
over seven months the 600 employees
of the plant of the American Corn Pro-
ducts company, known as the Chicago
Glucose factory, will go back to work
under union conditions with union
pay and hours. The difficulty arose
over a demand for 50 cents an hour.
The company locked out its men and
closed its plant, being the first firm
in Chicago to take that course. In
the long fight which has followed,
both sides have become wearied, and
the steam power council has had no
trouble in securing a settlement.

Beckham Orders Special Election.

Frankfort, Ky., Sept. 30.—Governor
Beckham today issued a call for a
special election to elect a successor to
Vincent Boreing, congressman from
the eleventh district who died about
two weeks ago. This is the date of
the state election.

After Speech Fell Unconscious.

Chicago, Oct. 3.—A dispatch to The
Tribune from Ottawa, Ont., says that
Henry Cargill, member of the house
of commons, and a wealthy lumberman,
fell unconscious as he was leaving the
house yesterday afternoon after mak-
ing a vigorous speech. He died at
10:45 o'clock last night in one of the
rooms of the Parliament house.
